A non-refundable deposit of £550 is required to secure your place on the course. You may pay the remaining fees in either one, three (per term) or twelve (per month) instalments. A discount of £60 will be applied for anyone opting to pay their fees in one instalment at the start of the training year.

Fees include all charges for the tutorials, course materials, art materials, weekly group supervision and assessments of written assignments. The cost of individual supervision session is not included in course fees.

Terapia reserves the right to adjust the fees due to inflation, changes in course structure or increases in operational costs. We make every effort to keep any increase as low as possible and not exceed 5% of the training cost. All deposits are non-refundable. Late fees will incur interest.

In the event of student's change of personal circumstances resulting in difficulty in meeting financial obligation she/he should contact the course Director as soon as possible so that a mutually appropriate solution can be sought.

If a student decides to withdraw from the training part way through the year, the full fees for that year are payable. If a student has been asked to withdraw from the training the fees payable are up to and including that term.

Students who completed the training but have not submitted the course work and not completed all course requirements will be charged an annual administration fee until they fully graduate.
