A discount of £60 will be applied for anyone opting to pay their fees in one instalment at the start of the training year.

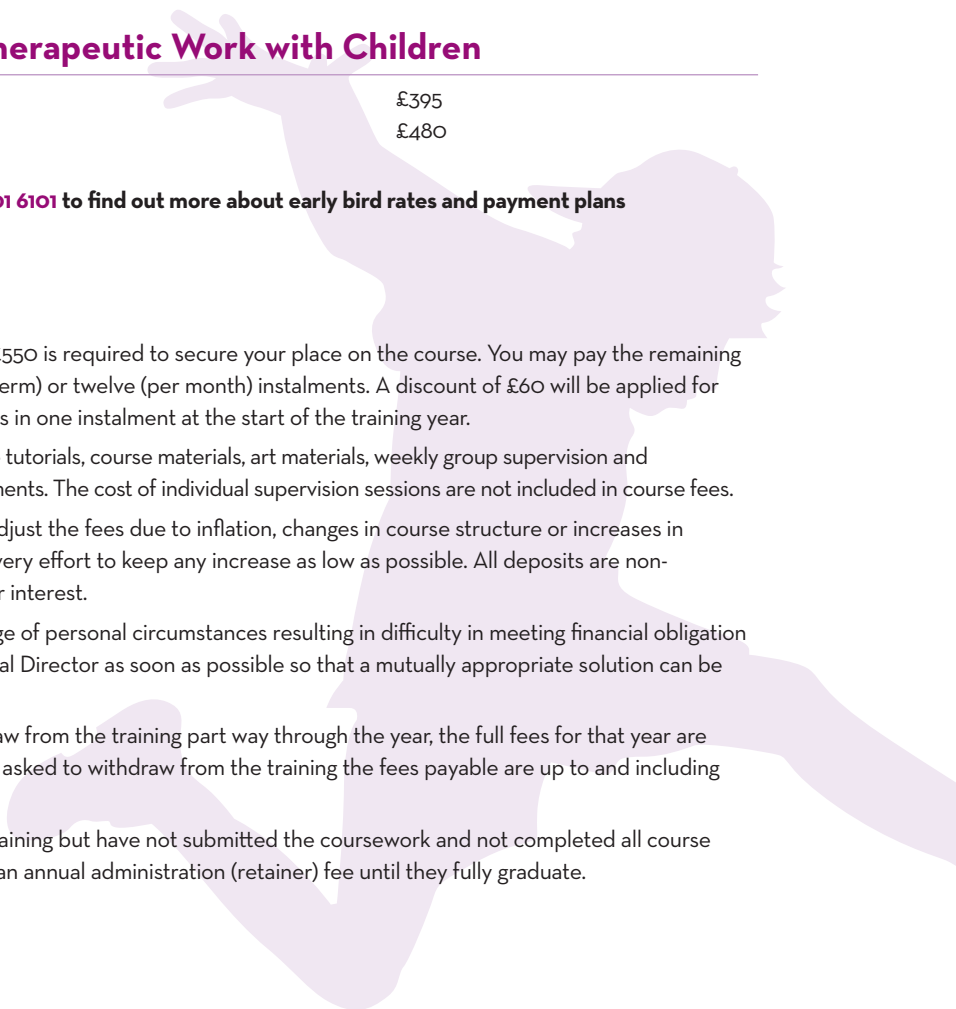

Fees include all charges for the tutorials, course materials, art materials, weekly group supervision and assessments of written assignments. The cost of individual supervision sessions are not included in course fees.

Terapia reserves the right to adjust the fees due to inflation, changes in course structure or increases in operational costs. We make every effort to keep any increase as low as possible. All deposits are non-refundable. Late fees will incur interest.

In the event of student's change of personal circumstances resulting in difficulty in meeting financial obligation they should contact the Clinical Director as soon as possible so that a mutually appropriate solution can be sought.

If a student decides to withdraw from the training part way through the year, the full fees for that year are payable. If a student has been asked to withdraw from the training the fees payable are up to and including that term.

Students who complete the training but have not submitted the coursework and not completed all course requirements will be charged an annual administration (retainer) fee until they fully graduate.
